THE STATE S. S. CONVENTION.

A Splendid Gathering and a Glorious Meeting.

The meeting of the State Sunday School Convention was auspiciously inaugurated Tuesday night. The Christian church had been handsomely decorated with cut flowers and potted plants, under the supervision of Mrs. Permelia Brown, who is an artist in that line, and the scene presented was an inspiring one. The letters "Welcome S. S. S. C." worked in evergreen, and numerous scriptural mottoes adorned the wall in rear and to the right and left of the pulpit, all of which showed that deft and loving hands had been busy in making the surroundings pleasant to the eye and becoming to the occasion. The church was literally packed, chairs filling every available space, and a finer audience would have been hard to find.

Promptly at 7:30, the Sunday School evangelist, Elder A. C. Hopkins, began the song service, and for half an hour melody reigned supreme. He is a good singer and throws his whole body and soul into the work. The address of welcome was made by Rev. John Bell Gibson, and was a beautiful pointed and heartfelt utterance, which possessed the further merit of brevity. President C. P. Williamson was equally as happy in his response, and after another song by Bros. Hopkins and Broadbudd, Eld. E. L. Powell delivered an address on "God's Methods of Teaching His Will." The splendid young orator was in fine voice and spirits, and in a very eloquent speech of half an hour, increased his reputation as a finished scholar and speaker. President Williamson at its close announced the following committees and the benediction was pronounced by Eld. J. D. Kendrick.

Wednesday morning the Convention with a large increase in the number of delegates was opened with a song service, which Bro. Hopkins always makes delightful, and then the annual reports were read. The executive committee reported that it had Rev. A. C. Hopkins in the field as an evangelist the whole year and W. S. Broadhurst till Feb. 21, at a cost of \$14,000 a year for the former and \$600 for the latter. Bro. Hopkins generously donating \$100 of his salary to his assistant. A good many pledges have not been met, if they had three evangelists might have been kept in the field the entire time. Mr. Hopkins made a very interesting report and so did Mr. Broadhurst. The treasurer, Ben S. Weller, Jr., reported that he had received during the year \$2,343.16 and disbursed \$2,334.19, leaving a balance of \$8.97 in his hands.

Reports on district work were given by J. A. Seay, W. S. Willis, J. M. Rash, W. A. Morrison, W. J. Loos and J. T. Barbee. At 11:30 Eld. J. M. Downing spoke on Eastern Kentucky Work and his remarks were received with much enthusiasm as they were replete with good, hard sense and irresistible humor. At its conclusion a recess was taken for dinner, which was served by the ladies in the Miller store-room. And such a dinner! It would have done credit to any body or any set, and the good sisters who prepared it deserve great praise. The ladies of the Christian church are never excelled in any thing they attempt.

The afternoon session was delayed an hour by the request of many of the delegates who wished to hear Hon. John Young Brown speak and nearly all of them went. After the song service, Eld. J. W. McGarvey, Jr., delivered an eminently practical address on "Methods of Sunday School Instruction," and F. M. Tinder, of Mayslick, followed with some excellent remarks on "The Teacher's Influence." President Graham, of the Bible College, also gave an interesting talk as did Eld. W. H. Horton, who had just returned from a 10 year sojourn in India as a missionary. After some announcements by the president, Eld. W. L. Williams at 5 o'clock pronounced the benediction.

After song service at night by Eld. Hopkins' impromptu choir, which gave some excellent music, Eld. C. S. Lucas, of Mayslick, spoke long and earnestly on "Christ's Ministry to Children," which was evidently enjoyed as frequent applause greeted his remarks. He was pretty severe on the Presbyterians once or twice, but every thing goes on such occasions and no one took offense.

After song service yesterday morning the various committees reported. Rev. Wallace Sharp, chairman, submitted the following:

Your committee on resolutions beg leave to submit the following:

RESOLVED, That the sincere thanks of this convention be tendered the good people of Stanford and vicinity for their hospitable and beautiful entertainment of the delegates to this convention.

2. That this convention heartily appreciate the favors extended it by the several railroads in granting reduced rates to its delegates.

3. Recognizing it to be the Church of Christ to save children and that the Widows and Orphans' Home is one of the Divinely approved

agents to bring about this result, that this institution be not only presented to the fathers and mothers in Israel but to the child-mind and heart, to the Sunday Schools of our State, and that the Lord's day preceding the Thanksgiving day be Orphans' Home day.

4. Be it further resolved, since it is the consensus of the Christian mind and heart of this State, that the traffic in alcoholic liquors as beverages, is antithetic and destructive to religion, morals and society, and their monstrous and powerful enemy; and further, since we recognize that a failure upon the part of Christian people to make every possible endeavor to rid themselves of this monstrous evil and to inhibit its existence among them, is a voluntary concession to an avowed and dangerous enemy, and a willing surrender to destruction our dearest interests; and further, since we also recognize that our opportunities for fixing these principles and truths in the minds of the young—the ones upon whom we naturally depend for hope of deliverance—are especially fine while they are pupils in the Sunday School; that this convention recommend and insist that the S. S. teachers do all in their power to fix in the minds and hearts of their pupils the duty of waging war upon this the common and hateful enemy.

5. Believing that the time has come for the enlargement of our work by banding our time and means and by rendering it possible for the attendance of a larger number upon our annual meetings, be it resolved, that this convention appoint a committee of three, whose duty it shall be to confer with a similar committee appointed by the State Missionary Convention, with reference to the feasibility of the two State organizations jointly renting the Chautauqua Grounds for — days immediately preceding the Lexington Assembly session, for their regular annual State meetings.

6. That copies of these resolutions be furnished the INTERIOR JOURNAL and the Apostolic Guide, with request that they be published.

W. C. THARP, J. S. KENDRICK, C. C. CLINE, T. SHARROD, G. COOKS.

The committee on nomination of officers reported as follows: For president, Eld. C. P. Williamson, of Richmond; vice-president, R. T. Matthews, of Lexington; secretary, P. H. Duncan, of Covington; assistant, J. M. Rash, of Winchester, and B. S. Weller, Jr., treasurer. These were the old officers and they were re-elected by acclamation.

The committee on future work recommended the employment of two evangelists at least, and three if possible. Pledges were taken and about \$500 secured in addition to the \$1,000 promised last night.

An address by Elder P. H. McGarvey on "Our Work and its Reward" followed, and in the absence of Mr. Lowe, Mr. Horton, the missionary, addressed the meeting on the customs and peculiarities of India. Adjourned for dinner.

After enjoying another bounteous spread, the convention resumed work at 2 o'clock, devoting the entire service to the Christian Endeavor movement, with Mr. H. C. Farris in the chair. Mr. Priest, the first speaker, was absent, and Eld. J. B. Jones, the next on the programme explained the movement, the great work it had accomplished and eloquently urged that those localities which had not formed a society do so at once. Elders George Darsie, George H. Combs and others gave interesting talks on the same subject, and after some further business the body adjourned till 7:30.

The convention was to close last night with an address by President C. L. Loos on Children and Missions, and the reputation of the speaker assured both a learned discussion and a large audience.

CONVENTIONALITIES.

We wish they would have one every month.

Lancaster sent over a large delegation, including an exceedingly handsome lot of young ladies. Garrard county seldom does things by halves.

We were delighted to again take by the hand Revs. C. P. Williamson and George Darsie. There are not two finer gentlemen anywhere and but few more eloquent expounders of the gospel.

Among the distinguished lay delegates are Judge D. R. Carr, of the Glasgow district. He and his wife are guests of Mr. J. N. Menefee. Mrs. Carr was Miss Jennie Lynn and her parents used to live in this country.

Mr. P. H. Duncan, of Covington, the accommodating secretary, is emphatically the right man in the right place. We are under obligations to him for favors, as well as to Mr. J. W. Rash, of Winchester, his excellent assistant.

There are not so many delegates present as expected and provided for, but what is lacking in quantity is made up in quality. It is the general remark that a handsomer set of ladies and gentlemen have rarely been seen at such a gathering.

If the delegates are half as much delighted with our people as they are with them, a mutual admiration society can be formed at once. The whole meeting has been greatly enjoyed and not an unpleasant incident has marred its progress.

STANFORD, KY., FRIDAY, JUNE 26, 1891.

Barbourville, Knox County.

—Yesterday was St. John's day and the Masons observed it quite royally.

—Our city's mayor, Hon. S. B. Dishman, is having the streets cleaned up and the town otherwise improved.

—The adoption or rejection of the new constitution seems to be the principle feature of street conversation here.

—Miss Ella Tinsley left yesterday morning for a visit to some of her friends in Stanford. Col. John Dishman went Williamsburg to attend court there Monday.

—Judge Tinsley, of this place, and David G. Colson, of Middlesboro, discussed the merits and demerits of the new constitution at the court house here Monday, to a good crowd of country people and farmers. Judge Tinsley pointed out some of the many objectionable features of the proposed new document and seemed to satisfy the people that it was not worthy of their approval.

Mr. Colson didn't attempt to answer the judge's objections, but maintained that we should adopt it because it contained a number of good things. The majority of the people of Knox county are opposed to this measure and will vote so in August next.

—The Louisville Times of Tuesday rightly remarks editorially, "Every taxpayer in Kentucky is interested in the development of the mineral and timber resources of the mountain regions. Counties that are now 'pauper' if developed, would pay into the State treasury revenues greatly in excess of what they draw from it. There is a widespread belief that the adoption of the new constitution would put an end to the building of railroads, the opening of mines and the constructing of furnaces in Eastern Kentucky, and that is why the mountains are going to plank down a heavy majority against it."

—The News, of this city, and the Mountain Echo, of London, each contained, last week, an editorial headed "A Campaign Lie Nailed," denying the fact that at the late senatorial district held at Whitesburg, the committee on resolutions recommended the rejection of the proposed new constitution, stating that the secretary of the convention had written each of the papers a letter to the effect that no such resolution had been adopted. Now it is a fact that no such resolution was adopted, but it is not a fact that the resolution was not proposed and offered to the convention and would have carried unanimously had it not been for the timely appearance of the party's nominee, Senator A. H. Shorth, who advised them that it would be wise to leave out that portion of their resolutions stating that it was not practicable to either reject or endorse the measure but leave the people to vote as they chose.

STANFORD, KY., - JUNE 26, 1891

Another Beauty of the New Constitution.

Sec. 253 of the rigmarole, styled the new constitution, provides that, "All wage-earners in this State employed in mines, factories, work-shops or by corporations shall be paid for their labor in lawful money." This means that these classes of laborers must be paid not in values but in the representative of values, not in barter, nor in provisions, nor in house-rent, nor in other necessities, even if they should prefer it, but only in what the government may designate as "lawful money." It is aimed, notoriously, at what is known as the "check" system employed only at the few coal mines in Kentucky, an ingenious, fair and admirable system by which the miner's daily accounts are accurately kept, by which he is enabled to get what he needs as he needs it, and to receive at the end of each month the balance due him in money.

A foolish measure identical with this was passed at the last session of the legislature, but to the gratification of all sensible persons was beaten. It was beaten simply because it was radically undemocratic. It was State paternalism in its worst form, and it was besides a vicious piece of class-legislation which would not benefit but injure the proposed beneficiaries. Why indeed should a wage earner be singled out and told that he may not contract for himself like a freeman as to how and in what he shall be paid, that he may not agree to take in lieu of money, even if he so prefers, such articles of necessity or comfort as must at last be paid for in money? Why is he prohibited from taking in payment of his labor part of the product of that labor as is done to the satisfaction of employer and employee in so many of the co-operative concerns of the country? Why in short should the wage earner, rather than another, be treated by the State like a child in swaddling clothes, incapable of taking care of himself?

But the reader will observe that this section does not apply even to all "wage-earners," but only to those "employed in mines, factories, workshops or by corporations." Kentucky is mainly an agricultural and stock-raising State, and these classes comprise but a small part of our laboring people. There is the blacksmith, the stone-mason, the house carpenter, the painter, the tailor, the house servant, the seamstress, the private school teacher, the clerk and salesman, and, more numerous than all, the farm-laborer. These people are certainly as deserving as the miner or the railroad employee, they are individually more helpless and liable to be overreached because they belong to no powerful labor organizations, and if any discrimination is to be permitted in the laws these surely should get the advantage of it. But no. All these worthy and indispensable classes of our people, the thousands of industrious mechanics, the thousands of sweating plow-men, the thousands of delicate women who feed their children by the needle or the type-writer, may be paid in chips and whetstones, or in curses, for aught the constitution makers seemed to care, if only the miner, the brakeman and the factory hand, notoriously the best and most promptly paid laborers in the State, shall get their pay, whether they so want it or not, in "lawful money."

How did it happen that this precious bit of mere legislation—and class-legislation at that—got into this wondrous rigmarole? How comes it that a proposition, which has already been spurned by the people through their representatives in the legislature, and which would be ridiculous and disgraceful on the ordinance book of a mining village, finds lodgment in the organic law of a great State? It was put there simply, and undisguisedly too, as a trap for votes, as a bait for suckers. The mechanics and the farm hands are not banded together into oath-bound societies, the sewing girls don't vote, but the miners, the engineers, the brakemen and the like all belong to the great labor confederations and act as a unit on all matters affecting them.

THE LABOR UNIONS WERE TO BE GULLED AND WON.

It is comforting to learn, however, as we do daily from their meetings, that these clear-sighted and hard handed sons of toil are not hood-winked in the least, and are in fact as strongly opposed to the adoption of the rigmarole, as "kid-gloved aristocrats" and "bloated bondholders" are, by some silly persons, supposed to be.

A KENTUCKY girl employed in the census office at Washington has been fired because she remarked that the devil had at last gotten his own. The young lady's parents were among the sufferers of Sherman's march to the sea, and since then she has never had any love for the commander of that famous raid. The remark was rather an unbecoming one, but it seems fully as much out of place for this great government to take cognizance of a careless remark of a thoughtless girl.

John Draddy will not represent Newport in the next legislature. Mike Hogan did him up, just as easy.

The Iowa democrats have re-nominated Gov. Boies.

HON. JOHN YOUNG BROWN

Magnificently Addresses a Magnificent Audience.

It is safe to say that never in the history of Lincoln county did a more splendid audience greet any political speaker than gathered here Wednesday to hear the next governor of Kentucky discuss the great questions of the day. And the speech was worthy of the audience! It was a most eloquent and earnest arrangement of the republican party, which he asserted is responsible for every bad law upon the national statute books, there being no time in the last 30 years when the democratic party could make a law or repeal one. He reviewed the history of his own party, spoke of its grand achievements and showed how the country had prospered as no other country ever did under its control of 60 years. Contrasting the honest and patriotic administration Grover Cleveland with the republican administrations, the mention of the ex-president's name brought forth storms of applause, which plainly showed how Lincoln stands towards the great tariff reformer. "I am not with him on the silver question," said Mr. Brown, "but I love Grover Cleveland for his honesty of purpose and his courage of convictions." The speaker then told of the surreptitious manner in which the republicans had practically demonetized silver and reduced its purchasing power nearly 33 per cent.

On the tariff Mr. Brown was especially clear and forcible, making the point that the tariff is a tax which the people pay so plain that a child could not mistake it. All the legislation in the last 30 years had been in the interest of the few at the expense of the many. The manufacturer, the railroads, the banks, had all had the war tax lifted from them, but the farmer and the laboring class, which constitute 61,000,000 of our population still groan under war taxes, which the McKinley bill increased 60 per cent. The enormity of the pension business was shown and the reckless appropriations in that line discussed. They now amount to \$135,000,000 a year, and he is told that by next year it will require \$200,000,000 to pay this grand army of pensioners, many of whom suffered only a bad cold while in the army. He was for the government taking care of every soldier whose condition required it, but he was heartily opposed to this practical wholesale attempt to bribe the soldier vote. The force bill, the usurpation of Reed and the other iniquities and enormities of the republican party were depicted with the hand of a master artist, and in his eloquent manner the well-known story became almost as new.

—A car on Richmond, Nicholasville, Irvine & Beattyville railroad jumped the track near Richmond, killing four and wounding six negroes.

—S. B. Erwin, the deposed president of the Kentucky Farmers' Alliance, announces his acceptance of the gubernatorial nomination at the hands of the people's party.

—A run on the Florence, Ala., National Bank closed the doors of that institution. The assets and liabilities are not given, but it is said that depositors will be paid in full.

—Sax's Savings Bank, one of the most popular financial institutions in the South, suspended payment at Nashville. The liabilities are \$600,000; assets said to be about the same.

—It is said that there has been another outbreak among the Chinese of the Canton district, who have murdered more missionaries. Four of the assassins have been executed.

—Convicts made a break for liberty at the Cole City, Ga., convict mining camp. One was killed and three others mortally wounded, and two prison guards and the foreman were killed.

—At the 10th annual Convention of the Pennsylvania Undertakers, Mrs. Moore, who has been in the business 40 years, was elected an honorary member. She has buried in her time 5,338 bodies.

—The United States Savings Bank, which failed several months ago at Topeka, Kan., will reopen its doors July 1. All depositors will be paid in full, and the bank will start again with a hand-some surplus.

—W. W. Anderson and Lacy Roberts, for the last two weeks on trial at Benton, Marshall county, for murder, have been convicted. The punishment of the former is fixed at death and Roberts goes to prison for life.

MANES AND GABRIEL, Managers.

Main Street, Stanford, Ky.

county democrat, came up with Mr. Brown and listened to his great speech.

At the conclusion of the speech nearly every man and many ladies pressed forward to shake hands with the next governor of Kentucky.

Uncle Lewis Rossell was there and drank in every word of eloquence that fell from the speaker's lips. There are no flies on Uncle Lewis' democracy.

"I am against women voting," said a lovely and enthusiastic young lady, "but I would give anything reasonable to be able to vote this one time for Mr. Brown."

It makes a democrat feel good all over to hear such a man as Mr. Brown extoll its merits. The wonder grows with us how anybody can be anything else but a democrat.

"Will those young ladies over there please not talk quite so loud?" said Mr. Brown by way of rebuke to a lot of thoughtless young people, who were more interested in their own talk than that of the speaker.

Mr. Brown made no reference to the new constitution in his speech, though he told a reporter that he would likely state his position to-day in his Falmouth speech. The constitution people claim him on their side, but he tells us that he had never intimated to a living soul how he stands on the question, which he does not propose to discuss further than to state his own position.

Woodside Farm.

Smith, a member, will address the people of Lincoln in favor of their bantling, in the court-house, July 13th, country court-day, at 1 o'clock. Edmiston and Miss Susie Martin, W. J. Edmiston. The ceremony was impressively said by Rev. J. C. Frank, after which the happy couple drove here and took the train for a several days stay in Louisville. The bride is a winsome brunette and the post-cessor of many accomplishments, while the groom is a successful young business man with a legion of friends.

—Mr. T. S. Farris and Miss Fannie Huffman, daughter of Dr. Wm. Huffman, of Lancaster, drove over here Tuesday and were quietly married in the Myers House parlor by Rev. Wallace Thorpe, Miss Honeywood Huffman and Mr. E. P. Pennington stood up with the happy pair, and the quartette left after the ceremony for Mrs. C. V. Gentry's, who is a sister of the groom, where they were entertained. The bride is a very lovely young lady and the groom a worthy young man, to whom no objection could be urged, except by Dr. Huffman, who takes a dislike to any young man who would take his much loved daughters from him. The INTERIOR JOURNAL extends its best wishes and hopes that the inevitable reconciliation will come even before the honeymoon is over, and that a long life of unalloyed happiness to both will result from the union.

DEATHS' DOINGS.

—Annie, the infant daughter of Dan Moore, of the Highland vicinity, died Tuesday night of flux.

—Col. R. F. Bibb died Tuesday morning, after a long illness of dropsy of the kidneys. He was fully cognizant of his approaching end and fully resigned to death, which to him was a great relief. Col. Bibb was born in Hanover county, Va., 74 years ago. For many years he followed the business of railroad contracting and made and lost several fortunes. He was a fine old gentleman and was very popular not only with his brother contractors, but with all with whom he was thrown. A wife, 71 years old, and 10 children, including Mrs. Reuben Williams, of this place, mourn his loss, though satisfied that he is a

great deal better off. The funeral was preached by Rev. Bruce, of the Presbyterian church, of which Col. Bibb was a member, and the remains were interred in Buffalo cemetery. A singular fact developed itself after the colonel's death. Twenty years or more ago, he bought a lot of walnut lumber and told his wife it must be used for his coffin. His request was carried out.

Near Tompkinsville, James Payne's house was wrecked, and several members of his family injured. Sam McPherson's house and Jacob Bartlett's distillery were destroyed. Near Springfield the damage amounted to \$10,000.

—The Missouri river is flooded and large slices of Kansas real estate are disappearing in the water, half-acres at a time, near St. Joseph. At the present rate it will not be long until St. Joseph finds itself two miles away from the river, and with a \$1,000,000 bridge standing over dry land where the river once ran.—Courier-Journal.

—Mrs. Josephine K. Henry spoke to a large and attentive audience at the court house Monday evening. Mrs. Henry is a lady of rare culture and handled her subject with great skill.

—Much of the fine building stone being shipped over this line South is for Vanderbilt's fine residence being erected in North Carolina. It is stated that this will be the finest and most costly dwelling in America.

—Miss Nellie Johnston, of Lancaster, an excellent violinist, took a prominent part in the entertainments here during the past week. Mr. G. H. Albright, of Barboursville, was down Tuesday at the burial of his brother, John C. Albright, at Mareetburg. A number of our citizens attended the Masonic picnic at Crab Orchard Wednesday. Mr. L. G. Cook, supervisor on the K. C., was here Wednesday. Miss Mattie May and Vinnie Adams are home from their South school. The Misses Snodgrass, of Kansas, are visiting relatives in this county.

—The musicale given by Mrs. Burnside's music class was a grand success. The skill of execution shown by the performers of instrumental music and beautiful modulation of voice in song quickly testified to an appreciative audience.

that the instructor was no amateur. The following young ladies assisted in the exercises and each rendered her part creditably. Mrs. Belle Burnside, Misses Lena Newcomb, Nellie Johnston, Florence and Alza Logan Brown, Berdie Martin, May Miller, Eliza Miller, Sallie Adams; Mrs. Anna Miller and Mrs. W. J. Sparks. The audience was so well pleased with the performance that they induced the ladies to repeat the exercises Tuesday night, when with a little change of program they were greeted by a full house. After the close the audience retired to the church, where they enjoyed an ice cream supper.

—Mr. Manser, the agent and operator at Grays, had a rather startling experience a few evenings since. There lives a woman in the neighborhood of Grays, a woman who is slightly demented. A short time since she went to London to visit some friends and while there fell in a fit and apparently died. Notice of her death was telegraphed to her people at Grays, Mr. Manser delivering the message. A few evenings afterward, on proceeding to close the shutters of the depot for the night, Mr. M. met what he supposed to be the ghost of the crazy woman who had died at London. He was speechless and unable to move for a few minutes, when the woman spoke and the mystery cleared up. It appears that it was only a fit which the woman had, though it lasted nearly two days and she was pronounced dead. Manser is probably gray headed from his fright.

—Twenty-four hundred immigrants disembarked at New York, the number including 1,200 Italians.

—Sheriff Catron and six deputies who went out from Barboursville to arrest one Smasher for selling whisky illicitly were run back to town by the law-breaker and his gang.

—A CARD OF THANKS.—From Mrs. E. Campbell to Miss Cettie Thirmond, for kindly remembering her with a nice dinner from the S. S. Convention, Mrs. Campbell being too old to attend. She is now nearly 86 years old, and is living with her daughter, Mrs. McDugald.
